PHTLS courses improve the quality of trauma care in your area and decrease mortality. The program is based on a prehospital trauma care philosophy, stressing the treatment of the multi-system trauma patient as a unique entity with specific needs. PHTLS promotes critical thinking as the foundation for providing quality care. The PHTLS course is continuously updated and revised to keep up with the advances in the field and ATLS Guidelines.

*In accordance with the Americans with Disabilities Act, please advise EMT Associates if you have any disability that requires special materials and/or services so that appropriate personnel can be advised.*

*No planners or faculty have any relevant information to disclose.*
